BORDER'S OPEN, EVERYONE'S WELCOME!

WHEN THE BORDER CHECKPOINT FINALLY CAME DOWN LAST MONTH AND RESTRICTIONS EASED FOR TRAVELLERS, AN AUDIBLE SIGH OF RELIEF WAS HEARD RIGHT ACROSS THE SOUTHERN GOLD COAST AND TWEED.

Along with businesses on both sides of the border, Twin Towns was celebrating too as Queenslanders could once again travel to the Clubs and Tweed locals could come back to the heart of town without trepidation. No more traffic delays nor the onerous task of completing online border passes.

Life became so much easier for all who endured more than two years of on again, off again border closures.

"People are coming back to the Club and the vibe is great," says CEO Rob Smith.

"It's clear that many are now finding the confidence to get back to doing the things they love – a night on the town, lunch or dinner at a restaurant or seeing a show. We're seeing the momentum build and long may it continue.

"Some minor restrictions remain for the hospitality industry but they are only a hindrance if you allow them to be.

"It's the new norm and we all need to adopt a positive approach to the future."

Rob encouraged those who visit the Club to also make some time to explore the local shops, restaurants and cafes at Kirra, Coolangatta and Tweed.

"Many of our local businesses have really struggled with problems created by border closures.

"While you're in the vicinity, show them some love too. A quick holiday at home, or near to it, is a great way to get back to life as it should be."

Join the Twinnies Team

If you would like a brand-new job working for Australia's premier licensed Club group, in an idyllic destination right on the Queensland and New South Wales border, Twin Towns would love to hear from you.

You will be sharing your new workplace with around 225 valued Twinnies team members who work across the main Club Twin Towns at Tweed Heads, Club Banora at Banora Point and Twin Towns Juniors at Tweed Heads South.

Queenslanders no longer need a border pass and people now travel freely across the border for work and leisure.

Twin Towns HR Consultant Annie Walsh said Twin Towns' philosophy has always been to provide members and visitors with an exceptional experience when they come to the Clubs.

"Staff must be friendly, welcoming, customer-focused, professional and respectful at all times, and team spirit is a must.

"In return, they get a workplace where health and safety matters, compliance obligations are stringently met and award pay rates are assured and paid on time.

"Plus, it's a great place to work with an awesome bunch of people of all ages! Just ask one of the many staff who have worked at the Clubs for 10 or 20 years or more.

"Previous experience is not a prerequisite and over the years, Twin Towns has trained thousands of first timers.

"A smile and the right attitude will get you a start and this could be just the beginning of a lifelong career in the Club industry," said Annie.

Annie added that there are a few requirements for securing a job with Twin Towns. Staff must be aged 18 years or over and be fully vaccinated.

A NSW RSA (Responsible Service of Alcohol) accreditation is mandatory, which you need to work at any licensed premises. An RCG (Responsible Conduct of Gaming) accreditation is also required to work in a registered club environment.

[Click this link](#) to find out more about how you can obtain these qualifications.

A National Police Certificate (history check) is also required. You can apply for this online. [Click here](#) for more information.

Right now, Twin Towns is seeking Casual Food and Beverage Attendants, a Full time Senior Sous Chef and Casual or Apprentice Chefs.

Whether you're seeking a career change or change of scenery, your new job could be just a few clicks away. Find everything you need to know or [apply](#) on the Twin Towns job portal.

BOARD CHAIRMAN'S REPORT

Welcome to 2022, I trust your holiday break was enjoyable and you had the opportunity to spend some time with family and friends which is such a huge part of Christmas. Marilyn and I were fortunate to be able to share time with our children, grandchildren and great grandchildren over the holiday they are a real joy and each one very special in their own unique way.

I had to pinch myself when the Queensland Premier announced she was removing the Borders and allowing all Australians access to the sunshine state. No more Border passes have to be applied to simply cross the road. The Police returned to their normal duties after spending most of the last two years doing one of the most boring jobs available and at the same time getting abused from members of the public for just doing their job. The members of the public on both sides of the Border have had enough. They simply want to get on with their lives and return to enjoying

their freedom and do what they want. Let's hope that this time around the situation with Border closures is never allowed to happen again. I have never observed so many shops closing their doors during January, which is usually their busiest time of the year, due to lack of staff available to satisfy customer's requirements caused by the current restrictions.

The opening of the Border did not come soon enough to save some businesses from closure, some who will never open again. Even now as I walk around the local area it is disappointing to see the lack of foot traffic not only at Twin Town's Club, but also at the major shopping centres. I can understand how these small business owners must feel when they see the decline in numbers visiting their premises and don't know how or when the situation will change. The terrible burden placed on families who are doing all they can just to survive on a day by day basis let alone prepare for the future.

The Clubs have been severely affected by the shortage of staff caused by the pandemic and the shortage of R.A.T's being available for staff to conduct a test on themselves. When a staff member attends work and during the course of their shift starts to feel unwell, the member will perform their own Rapid

Antigen Test and if the result is positive the staff member concerned will be sent home to isolate for seven days. A number of our staff reside in the same residence therefore if one person tests positive and is sent home then the rest of the household are required to isolate as they are defined as a close contact which also affects staff rostered for duty.

Enough of the negativity, let's move forward with a positive outlook, put Covid behind us and take the opportunity to return to doing all the things we enjoyed such as going out for dinner and drinks with family and friends at clubs and hotels, shopping, returning to picnics in the park or on the beach and once again enjoy socialising with other like-minded people which we have missed so much over the past two years.

Twin Town's Clubs and Resort are open for business. We can't wait to welcome you back. Please make the effort to come back and visit us - we have missed you. There are still some restrictions which have to be observed but by taking the first step which is always the hardest, the rewards you gain will offset them and in the long run it will be well worth the commitment.

Until next time

Twin Towns supports Green Heroes

THROUGH THE NSW CLUBGRANTS SCHEME, TWIN TOWNS HAS BECOME A MAJOR SPONSOR OF THE GREEN HEROES TURTLE INCUBATION PILOT TRIAL, A PROJECT DESIGNED TO PROTECT THE ENDANGERED POPULATION OF TURTLES NESTING ON TWEED BEACHES.

The Green Heroes Turtle Incubation program began in March 2021, when two fresh loggerhead turtle nests were reported on Fingal Head Beach.

Plans were discussed with National Parks and Wildlife Service (NPWS) to create an incubation system should the nests require rescue.

Drawing on knowledge from his experience building temperature controlled systems for the medical industry, local Steve designed and created a state-of-the-art prototype for the incubation of marine turtle eggs.

Following a sudden drop in sand temperatures, compromising the outcome of the Fingal nests and several other loggerhead nests laid along the Tweed Coast, a decision was made to rescue the nests and conduct a pilot trial of the new incubation system.

The move resulted in the emergence of the first hatchling from the incubation chambers and over the next few days, 107 hatchlings emerged from a clutch of 113 eggs.

Another two clutches were rescued and hatched from Fingal Head and Pottsville Beach.

Green Heroes Director & Program Coordinator Sarah Jantos thanked Twin Towns for becoming a founding supporter and their faith in the project from conception.

“Without Twin Towns, the project would have been unable to gain the momentum and traction that resulted in overwhelming community support, national and international recognition and the expansion of marine turtle conservation efforts in Northern NSW.

“We attribute much of the success to our ability to move quickly thanks to the

the \$7,732 donation from Twin Towns ClubGRANTS.

“Our vision has always been to involve the whole community in wildlife conservation. Through our programs, community members, families and young people learn that to co-exist with nature is both a privilege and a responsibility.

“With Twin Towns help, Green Heroes, local marine conservation projects will expand this year to include regular turtle monitoring and underwater habitat restoration and preservation.”

The Grant also enabled Green Heroes volunteers to engage in education and training at Heron Island Research Station this summer.

Sarah said she hoped reading about the project would inspire everyone in the community to play a role in local marine conservation projects. Follow Green Heroes on [Facebook](#) or [instagram @beagreenhero](#) to find out about local events and opportunities for involvement.

The Killer Queen Experience

TWO BIG SHOWS ON GOOD FRIDAY

Since starting out as a local Queen cover-band in Brisbane in 2003, the Killer Queen Experience has evolved into an international touring show.

Frontman John Blunt is one of just a handful of tribute performers to truly go global, headlining concerts and festivals in London, Glasgow, New Zealand, Thailand and Macau, and touring Singapore and Norway.

John has performed as special guest at the Annual Queen Convention in the

UK and in 2018 was invited to join the cast of Legends in Concert, America's longest running Las Vegas Production, where he lived and performed in the USA for six weeks.

He was also chosen for the role of Freddie Mercury in the 2016 Bio Docudrama The Freddie Mercury Story - Who Wants To Live Forever, which regularly airs on the REELZ Channel and iTV throughout America and Europe.

"This was never just a job for us. We

take the word 'tribute' very seriously, down to every detail, including our instruments, costumes and the energy we bring to the stage.

"We are part of Queen's legacy, and they are part of us," says John.

Don't miss the opportunity to see the legendary Killer Queen Experience Lap of the Gods Tour at Twin Towns. Matinee and evening shows on Good Friday, 15 April. Tickets \$42 + booking fee. [Book now!](#)
