PLANS FOR YOUR NEW LOCAL ARE GAINING MOMENTUM **BRING ON JUNIORS 2023!**

Just over 20 years ago, Twin Towns Juniors became part of the Twin Towns family of Clubs.

The journey into ownership of the buildings was not straight forward and even after buying the real estate, it took many months and volumes of applications to gain a new Club licence.

On 14 October 2002, the licence was granted and works on modernising the Club were finalised, ready for the pouring of first beers, the first of many as it's turned out!

Juniors is at the centre of community in Banora Point and South Tweed, being right on the boundary of both suburbs. It's has always had a true 'locals' atmosphere and catching up with familiar faces is a hallmark of a visit to the Club.

Unfortunately, the Club has experienced flooding over the years and while the resilience of the members and resolve of the Club has seen the venue re-open time and time again, the increased frequency of these events has added to the need for a new elevated Club.

The Club has engaged local building firm TLF Developments to undertake the full reconstruction of Juniors. The Club will be closed from 3 April and is planned to be ready in mid-November for the next round of drinks between friends.

The new Club is a similar size to the current building but all on one floor. There is around 1,200m² of internal space and 700m² of covered outdoor areas, including a new elevated balcony overlooking the fields. The much-loved pavilions are retained and refurbished.

While everything is new, favourites such as the TAB and Keno remain central features, along with enhanced viewing in the lounge on two 98" LEDs.

There is an open plan and separate dining spaces and of course, a new menu. We're sure the new balcony will be a dining hot spot.

A brand new cellar will allow us to deliver all your favourite brews

and the stage in the beer garden will continue to be home to weekly tunes.

All the offers and options you currently enjoy at Juniors as part of your membership will return when Juniors does in November.

While Juniors is closed, a courtesy bus will run between Juniors and Club Banora seven days a week. You can walk or park at Juniors, as you do now, and jump on the bus to Club Banora. There will be shaded areas to wait and some amenities to keep you comfortable.

In addition, the Club will hold onsite update meetings during the rebuild as key milestones are reached so you can be part of the progress of delivering your new Club.

We expect these to be monthly and we'll share a beverage with you onsite to make sure the beer garden does not become lonely.

It's an exciting time and a project that we are so looking forward to bringing to the community that has supported this venue so well.

Make sure you call in over the next two months and say goodbye to the old club as we prepare for a whole new generation of Juniors devotees into the future.

FORCING PUNTERS TO USE A CASHLESS GAMING CARD AT THEIR LOCAL CLUB IS WRONG!

THE CURRENT NSW GOVERNMENT IS CONSIDERING A RECKLESS AND UNPROVEN 'BIG BROTHER' STYLE PLAN THAT BANS PUNTERS ACROSS NSW FROM USING CASH WHEN PLAYING THE GAMING MACHINES.

Instead, players will be forced to sign up for a card which will store their personal and banking details. Clubs don't oppose people being able to use digital accounts but cash must be an option for many years to come.

Twin Towns CEO Rob Smith believes the move will seriously jeopardise the future of all NSW Clubs, especially those located near the QLD/NSW border like Twin Towns.

He asks: "Will punters from Queensland travel across the border to Tweed Clubs, be forced to sign up for a cashless gaming card with their banking details, then allow this information to be stored or monitored by a NSW Government agency? Probably not."

"NSW Registered Clubs are already heavily regulated organisations. But this Government has chosen to announce a concept, with no details, that would destroy jobs, negatively impact on communities and charities and has not been shown to reduce harm or criminality as they say it will," said Rob.

Many Twin Towns members have already voiced their concerns to us about this plan. They are worried that empowering Government bureaucrats to track and control gambling spending is an invasion of privacy that could eventually extend to other products. The Government claims it's about criminals spending illegally gained money but I'm not a criminal so why target me?

Punters should also be concerned about the potential for cybersecurity risks if their data on spending and gambling is stored alongside their bank account details. Are your personal details safe? Can this information be used by banks when determining home or business loan approvals?

Rob said there is too much at risk and too many unanswered questions to simply accept this proposal.

"That's why we are taking our concerns directly to members and the community.

"The Government must fully detail their plan. Scaring communities and workers on the pretext of helping the very small number of problem gamblers in the population, some 1%, makes no sense.

"Clubs are here to deliver great outcomes to our members as we've done for decades. We also stand ready to help anyone with a problem while protecting the rights of the 99% of gamers who enjoy a punt as entertainment with no issue at all," said Rob.

Over upcoming weeks, we will bring you more information about the issue and how you can voice your concern and disapproval. In the meantime, head to www.reformtherightway.com.au for updates and more information.

Club Banora Juniors Luke Bofinger, Christiano De Azevedo, Cooper Thomson, Adam Grunsell and Odern Boyer attend the Junior Nationals 2023

TWIN TOWNS MEMBERS PERFORM WELL AT AUSTRALIAN NATIONAL JUNIOR SNOOKER CHAMPIONSHIPS

Twin Towns Club Banora Snooker Club made history at the Australian National Junior Championships by having five juniors playing, the highest number of juniors from any single club to compete in any year of the event.

The Snooker Club was represented by recent graduates of the club's free annual Junior Snooker Coaching Program - Luke Bofinger (15), Odern Boyer (13) and Adam Grunsell (11), along with 'older stalwarts' Christiano De Azevedo and Cooper Thomson (both 16).

In addition, three players were selected to play for the NSW State Team and received funding support of \$2,000 from the Twin Towns Services Community Foundation.

Cooper, Christiano, and Adam represented the NSW team and made it through to the semi-finals, where they narrowly lost to a combined WA/SA team.

As individuals, after an intense three days of round robin matches within three different age categories, the juniors had varying levels of success.

Christiano and Cooper stepped up to the

Adam Grunsell wins Sportsperson of the Championships award.

extremely competitive U18 level after their achievements at U16 level of the last few years.

Christiano reached the semi-finals in Snooker, whilst Cooper reached the semi-finals in Billiards and quarter finals of Snooker.

In the U16 Championships, Luke, Odern,

and Adam didn't make it out of the group stages but performed well in their matches.

At U12 level, Adam Grunsell qualified in 2nd place in his group to make it to the semi-finals where he eventually got knocked out in a 2-0 defeat.

By far the biggest achievement was by young Adam, who was awarded with the Sportsperson of the Championships for his manner and honesty at the table.

In one of his very first matches, he called himself on a foul shot that the referee didn't see. It was a very proud moment for Adam, his dad Ric, and for our snooker club.

Twin Towns Snooker Club at Club Banora has three full size snooker tables. It is a self-funded social club with a busy calendar of events.

We have 90 members and a thriving junior division thanks to our coaching initiatives. We have been running a successful Junior Coaching Program every year since 2018.
